DO NOT CIRCULATE

1. The airfield was located in a level sodded area just north of Mokre (Q 54/D 53), north-northeast of Grudziadz (Graudenz), 3 km west-northwest of Bialochowo (Q 54/D 53). The landing field was dry. There were no concrete runways or taxiways.
2. There were no permanent buildings at the field. Some temporary wooden buildings were used as quarters by the airfield personnel.
3. The field was occupied by one or two three-engine aircraft, three three-seater gliders and two biplanes.
4. There was flying with three-engine planes, each plane usually towing one glider. Local flights were made with biplanes.
5. The personnel stationed at the field did not exceed 100 men. The soldiers, most of whom were very young, wore brown trousers and double-breasted jackets. *

25X1 * Comment. First report on this airfield. According to a map, scale of 1:25,000, an airfield installation could be at the location reported. It cannot be determined from the information received whether the airfield is occupied by military aircraft or whether it is used for premilitary training or an aviation sports association.
